WHY EU REACH MATTERS FOR INDIAN EXPORTERS

The EU REACH Regulation (EC No 1907/2006) is one of the world's most comprehensive chemical regulatory frameworks, covering over 22,000 registered chemical substances. For Indian chemical manufacturers and exporters, EU REACH compliance is essential for maintaining and growing access to the EU/EEA markets. Adhering to this regulation not only facilitates both uninterrupted trade and commercial independence but also demonstrates a commitment to safety and environmental standards demanded by the EU.

This online training is developed by REACHLaw, a leading EU-registered Only Representative (OR) and chemical and product regulatory compliance consultancy headquartered in Helsinki, Finland. The content is based on official guidance from the European Chemicals Agency – ECHA.

Materials Based On:

European Chemicals Agency - Guidance

Legal Basis:

REACH Regulation (EC) No. 1907/2006

Training Provider:

REACHLaw India Private Limited

WHO SHOULD ATTEND

Indian Chemical Manufacturers & Exporters

Regulatory & Compliance Managers

R&D and Technical Professionals

Supply Chain & Procurement Teams

Legal & Trade Compliance Officers

Government & Industry Associations

Note: Consulting companies or REACH service providers are not eligible to take part in this training.

KEY LEARNING OUTCOMES

Understand REACH Scope & Obligations

Determine whether your substances are in scope, identify the correct registration type, and understand exemptions relevant to Indian exporters.

Manage Supply Chain Communication

Prepare and interpret REACH declarations, understand SVHC obligations, and manage SDS and eSDS requirements for EU customers, how to recruit a REACH registered non-EU supplier.

Prepare for Enforcement & Audits

Understand inspection triggers, penalties, and how to prepare for an REACH OR audit.

Navigate the Registration Process

Plan end-to-end co-registration: from OR appointment and ECHA account setup to substance sameness testing to LoA negotiation / data sharing, and to cost estimation and dossier submission.

Use REACH IT Tools Confidently

Navigate REACH-IT, IUCLID, and ECHA CHEM, identify compliance red flags, and track substance regulatory status using PACT.

Awareness of Global REACH Regulations

Understand similarities and differences between EU REACH and UK REACH, KKDIK, Ukraine REACH, K-REACH, and the upcoming REACH 2.0 revision.

CERTIFICATE OF COMPLETION

EU REACH Compliance — Professional Certificate

Awarded by REACHLaw India Private Limited upon successful completion of the 3-day course and MCQ-based online assessment. This certificate recognises demonstrated knowledge of EU REACH registration, evaluation, authorisation, restriction, and supply chain communication obligations valued by EU-facing chemical businesses.

COURSE INVESTMENT FEE

₹ INR 20,000 / per participant

All 3 days included

Fee includes: Training materials · ECHA guidance references · Group exercises · Online assessment · Professional Certificate

For group bookings (5+ participants) or corporate rates, please contact us directly.

DAY 1 – REACH Fundamentals, Registration & Substance Identification

9 hrs | 9:30 AM – 6:30 PM | 2 Tea/Coffee breaks (15 min), 1 Lunch (50 min)

OPENING SESSION (50 min): About REACHLaw, Participant & Trainer Introduction, Group Formation, Course Overview

UNDERSTANDING REACH (60 min): What is REACH, objectives, scope & exemptions, actors, ECHA role, lifecycle, types of registration

SUPPLY CHAIN ROLES & LEGAL OBLIGATIONS (45 min): Manufacturer, Importer, Downstream User, Only Representative (OR), OR vs EU importer model, non-EU manufacturer, OR best practices

SUBSTANCE IDENTIFICATION (1h 15 min): EC/CAS numbers, mono/multi-constituent, UVCB, polymers/monomers, nanofoms, ECHA CHEM navigation

REACH REGISTRATION – End to End Process (2h): OR appointment, SME verification, ECHA REACH IT account, info requirements, inquiry & data sharing, tonnage bands, dossier, chemical safety report, fees & LoA negotiation

POST-REGISTRATION OBLIGATIONS (50 min): Dossier updates, triggers & deadlines (Article 22), Cefic guidance

PRACTICAL GROUP EXERCISE (60 min): Registration vs exemption decisions, REACH budget preparation, ECHA CHEM navigation

DAY 2 – Evaluation, IT Tools, Supply Chain & Enforcement

9 hrs | 9:30 AM – 6:30 PM | 2 Tea/Coffee breaks (15 min), 1 Lunch (50 min)

EVALUATION, AUTHORISATION & RESTRICTION (1h 40 min): Types of evaluation, SVHC identification, Candidate List, Authorization & Restriction, PACT tracking, business impact

REACH IT TOOLS – Practical Orientation (60 min): REACH-IT, IUCLID structure, ECHA CHEM navigation, compliance red-flag identification

SUPPLY CHAIN COMMUNICATION & SDS (60 min): OR declarations, REACH declarations, SVHC statements, tonnage coverage, SDS vs eSDS, exposure scenarios (CSR)

ENFORCEMENT & COMPLIANCE RISKS (60 min): Member State inspections, penalties, enforcement triggers, OR audit preparation

KEY REACH RESOURCES & BEST PRACTICES (60 min): ECHA website, guidance, contact form, practical guidance, Q&A portal, REACH & CLP Regulation text, tips for recruiting REACH-registered suppliers, substance inventory, risk types, compliance tips

CASE STUDIES – Discussions (3h): REACH OR audit, testing for substance identification, dossier update & CSR, TII negotiation, evaluation cost estimation, risk mitigation strategies

DAY 3 – CLP Interface, Global REACH Regulations & Final Assessment

8 hrs | 9:30 AM – 5:30 PM | 2 Tea/Coffee breaks (15 min), 1 Lunch (50 min)

REACH INTERFACE WITH CLP/GHS (1h 45 min): PCN/UFI requirements, SDS/eSDS update triggers, label change triggers, common inspection errors

REACH-LIKE REGULATIONS & REACH 2.0 (1h 45 min): UK REACH, Türkiye KKDIK, Korea K-REACH, Ukraine REACH; similarities & differences; upcoming REACH revision

OPEN Q&A / CASE DISCUSSIONS (60 min): Real-world compliance scenarios, product-specific and supply-chain application

ONLINE ASSESSMENT & FEEDBACK (1h 30 min): Multiple Choice Question-based exam, feedback form, certificate process explained

CONCLUDING REMARKS (40 min): Key takeaways, next steps, certificate template, online photo

ABOUT REACHLAW

REACHLaw is a leading chemical regulatory consultancy headquartered in Helsinki, Finland, trusted worldwide for expert support in global chemical and product regulatory compliance and sustainability. As an authorised Only Representative under EU REACH, REACHLaw has supported chemical companies across the automotive, electronics, metals, mining, petrochemical, and pulp & paper industries.

- ✔ Expert support in EU REACH & CLP, UK REACH, Türkiye KKDIK, Korea K-REACH, Ukraine REACH, and India BIS
- ✔ Authorised Only Representative (OR) services for non-EU manufacturers exporting to Europe
- ✔ Workshops, training, and capacity-building programmes for industry and associations
- ✔ Course content developed in alignment with official ECHA guidance (echa.europa.eu)
- ✔ Public affairs and advocacy services supporting companies in shaping EU chemical policy
